

Who's Who in the King's Watch

This is a list of who was in post in the King's Watch on the day I received my commission from Nimue. It has changed a bit since then, but this is the starting point.

The Senior Officers are first (aren't we always?), then the Watch Captains and Other Members on the next page:

Senior Officers:

Title	Full name	Note
Vicar of London Stone	Search me. Never met her. Not a Mage, I know that much.	A sort of religious civil servant. The Constable answers to her.
Peculier Constable	Colonel Dame Hannah Rothman	Formerly a Police Inspector with the Met. A powerful Mage, but not a graduate of the Invisible College.
Depute Constable	Lt Col Dan McCabe	Runs the Watch in Scotland as a fully independent operation and normally answers directly to the Vicar of Scone
Deputy Constable	Lt Col Ian Drummond	Handles most of the prosecution and legal work of the Watch. Stands in for Hannah at meetings.
Deputy Constable	Vacancy	There should be a field Deputy. No one has applied. Should be based in Chester.
Senior Watch Captain	Major Rick James	Based in Wessex. Watch Captains outside London & the South East answer to him.
Watch Captain at Large	Sqn Ldr Conrad Clarke	Appointed to this role to act as the Constables personal fixer.

The Watch Captains of England & Wales:

(note – the names are historical and cover much more than the obvious area. I'm working on getting a map sorted, in which case the numbers will make a lot more sense)
