

## ***Dramatis Personae / Who's Who***

This is simply a list of everyone I've come across in the world of magick – humans, Dwarves, Gnomes, The Fae. Everyone.

A couple of notes:

- ⌋ When there is no family name, either they don't have one or I don't know it. If the first name has a \* that's because I don't know it and it's a repeat of their last name.
- ⌋ All Fae are listed by Domain – "Princess Birkdale" is under 'B'. The Fae do have personal names, but rarely do humans get to know them. The Fae 'Family Name' refers to their Queen.

If you find something missing, please let me know through the Contact form on the Pawpress website. I hope this helps,

Cheers,

Conrad Clarke.
